

# Marco E. Hemken

<http://mehemken.io> • 650.483.5874 • [mehemken@gmail.com](mailto:mehemken@gmail.com)

*Los Angeles, California*

**Objective:** Seeking a junior level cloud automation position where I can contribute my skills in AWS, Terraform, Ansible and Python.

## Highlighted Skills

---

Python, AWS, Terraform, CloudFormation, Ansible, Jenkins, Buildbot.

## Projects

---

### The Lagonian

2017

Used CloudFormation to create the infrastructure for the newspaper's WordPress site. As the site grows, it will be making full use of Amazon RDS and autoscaling. It will be fully fault tolerant.

- **Tech:** Amazon RDS, CloudFormation, Wordpress
- **Site:** <http://www.lagonian-news.com/>

### Snap Home Pros

2017

Using Terraform, Ansible to create a CI/CD pipeline for the start up's website to be hosted on AWS.

- **Tech:** C#, Ansible, Terraform
- **Site:** Coming soon

### Int'l Jiu Jitsu Education Fund

2017

Set up a WordPress site on AWS. It is served up by Nginx on an Ubuntu AMI. IJEF provides free Brazilian jiu-jitsu education for underprivileged children around the world.

- **Tech:** EC2, Nginx, Stripe
- **Site:** <https://www.i-jef.org/>

### <http://mehemken.io>

2017

Created a CI/CD pipeline for a Python/Flask webap. Also wrote a custom CLI tool in Python that allows me to easily test and push my code to GitHub.

- **Tech:** Python, Flask, Pytest, Jenkins, Nginx

## Leadership

---

### Cloud Ops 101 Meetup, *Founder and host*

May 2017 - Present

I started a meetup for people to come together to study for their AWS Certifications.

## Employment

---

### UCLA External Affairs, *Liaison*

Feb 2015 - Present

Responsibilities include training our sales staff on the CRM Software and recurring refresher trainings. Also responsible for handling data requests and facilitating projects with our Research and Analytics teams.

## Academics

---

### UCLA, *BA Sociology*

2008 - 2014
